My Word!

MONDAY—the State Legislature has finally approved a bill that will give Albany financial aid for educating children in University Village. Ken Cole is optimistic that Governor Reagan will sign the bill, AB 504, which was introduced by our assemblyman John Miller, who worked for its passage in the assembly. Senator Lew Sherman carried it on the Senate side. If signed into law, this bill marks the end of a 10-year struggle by Albany to receive funds it rightfully should have had all along.

ALBANY was shocked Monday morning of the death of Mrs. Milton (Grace) Porter in an automobile accident which left her husband, a member of the Board of Education, in critical condition. One of Albany's most respected couples, Milt and Grace were innocently involved after their cars collided.

SARAH'S in Stateline the other night, Fern Luoma was impressed by the efforts of a group to entertain the huge audience there to hear Andy Williams. "He's no Emmett Kelly," she stifled just as the announcer asked ladies and gentlemen, you have just been entertained by the famous clown, Emmett Kelly. (?)

BERY DUNCAN of 932 Talbot has lost his walking cane and is very anxious to have it returned. The cane, made of light wood with a carved alligator head, belonged to the late Fred Duncan and has his initials, FHB, carved near the top. It was given to Duncan after the death of the original owner and has great sentimental value to him. He believes he lost it at the Bank of America or Safeway either last Thursday or Friday. Duncan has been laid up with a bad back for the last eight years and must use a cane. If you know where it is, please call him at 525-3700.

CHARLIE GRAEBER says it pays to advertise. Just last week a friend from Curtis Street brought him about 500 paperbacks to send to the boys in Vietnam.

Police Department 'Bugs' Aired at Council Session

Albany City Council's regular meeting Monday night sounded like a gathering of the Police Chief Ralph Jensen Fan club.

A representative of American Civil Liberties Union, who came to demand the removal of all "bugging devices" from the Albany Police Department on threat of lawsuit, was called an "outsider," a "bleeding heart," an "agitator," and told to "go back and crawl under a stone and stay there" by irate Albany citizens.

Vince Brigantl said, "This has all been blown out of shape. The man only asked for a tape recorder."

Ralph Buckwalter said, ". . . This is a direct insult to the intelligence of the Council and Chief of Police."

Jerry Talley said, ". . . When someone comes in and threatens me, I can't stand by. I have no objections to Council, but I object to an outside organization questioning the integrity of the Chief of Police. I believe we can put Jensen's integrity up against that of Mr. Burnstein (ACLU spokesman) or the Berkeley Gazette or anyone. . . . If our Chief said the device is not used for any illegal use, that's good enough for me."

Mayor Richard Clark agreed that Jensen is to be believed if he says the bugging device is not used illegally. He went on to say that noone is questioning Jensen's integrity, that he may be one of the greatest law enforcement men in the Bay Ara, that he was given a substantial wage increase in the budget and that, in his opinion, policemen should be paid more than any other city employees.

The furor began about two weeks ago when Mayor Richard Clark questioned Police Chief Jensen's request for a tape recorder. Mayor Clark asked City Attorney Larry Sale for an opinion as to the legality of spending money on the item when it might be used to monitor attorney-client conferences, which is a felony.

The fire has been fanned by front page stories in the Berkeley

Mrs. Milton Porter Killed In Accident Sunday Night

An auto crash on the western edge of Sacramento late Sunday claimed the life of Mrs. Milton A. (Grace) Porter of 506 San Carlos Ave. Her husband, longtime Board of Education member, remains in critical condition following surgery at Sacramento County hospital.

At press time, it was learned that no funeral services are planned for Mrs. Porter, but memorial services will be held later.

Porter received internal injuries and a fractured left hip and leg. A relative reported Tuesday morning that he was somewhat improved but had not yet been told of his wife's death.

The Porters had been visiting their son-in-law and daughter, Mr. and Mrs. Phil Givant, in Carmichael Saturday and Sunday. They were returning to Albany when they became victims of a sideswipe collision between two cars trying to get in one eastbound lane on Interstate 80 at Pioneer Bridge.

Also killed were two sisters, 15 and 16, from Menlo Park. Two other occupants of the same car received serious injuries. The condition of the driver of the third car is not known.

Mrs. Porter's obituary will be published next week.

Mayor-Major On Duty

"FLYING MAYOR," MAJOR DICK CLARK, smiles from the cockpit of his Marine Reserve helicopter during two weeks active duty for training at the Marine Corps Air Facility, Camp Pendleton. In civilian life, the Marine pilot is mayor of Albany. For two days out of every month and two weeks in the summer, he is Executive Officer of the Marine Reserve Helicopter Squadron 769 normally based at the U.S. Naval Air Station, Alameda. Major Clark's squadron is one of the West Coast Marine Air Reserve units providing air support for "Exercise Golden Slipper," the large scale amphibious landing by helicopter and assault craft on Camp Pendleton beaches.

NOTICE

Members of the Planning and Zoning commission have decided to stage a series of public hearings on waterfront planning and have urged interested Albany citizens to attend and voice their opinions. The first will be Tuesday, Aug. 29, in City Council chambers. Sessions will continue into September.

DAHLIA SHOW

A show of dahlias, open to the public without charge, will be held at Lakeside Park in Oakland this Saturday (noon to 8 p.m.) and Sunday (10 a.m. to 6 p.m.). It will be in the Parks Garden Center near the Grand Avenue and Park View Terrace entrance to the park.

Council Approves $1,370,000 Budget; Tax Rate Down 17 Cents

Albany City Councilmen proudly approved a total budget of $1,370,000 Monday night while lowering the tax rate by 17 cents.

The budget has been increased $100,000 over last year, but the base tax rate of $1.91 was reduced to $1.74. The total tax rate of $2.09 for the coming fiscal year includes the 35 cents which the city must by law collect for the schools.

Councilman Lewis Howell said, "This budget has been thoroughly gone over. More time was spent on it than any budget in my 16 years on the Council. We tried to keep the taxrate in line by finding other sources of revenue such as the Real Estate transfer tax." He thanked Administrative Officer James L. Turner, other members of the Council and Mayor Richard Clark for their time and effort on the budget.

Councilman George Hein said, "This is a reversal of the general trend. Some cities are using the additional revenue created by AB 80 and increasing taxes. Our city tax is lower. We're taking the same dollars and cents from the property owner as last year." Taxpayers will receive higher tax bills, he warned, because of increases by other agencies.

Mayor Clark said the city is financially and fiscally sound and "we intend to keep it that way." He said if he is on the Council next year, he will work toward reducing taxes again.

Clark said the city can expect an additional $60-77,000 revenue from Golden Gate Fields due to lengthening the season. He said the legislative approval of AB 504 should produce about $75,000 added revenue to the schools and a 25-cent reduction on its tax rate.

He said the Council is planning for new residential street lights and replacing curbs along the linear park on Masonic.

Councilman H. F. Call said he is particularly pleased with the Police and Fire Incentive Program, which may induce police and firemen to remain in Albany, and the Life Insurance program.

In his budget message, Turner urged early consideration to enactment of a real property transfer tax and increase in the cost of business licenses. He suggested increase in cost of use permits and variance fees.

(The entire budget will be published next week in the Albany Times.)

On Monday night, Council:

APPROVED unanimously the budget and tax rate, fixing transportation and car allowances, payment of $6,350 to the Chamber of Commerce, paying full cost of Blue Cross for city employees, and the Police and Fire incentive program.

FOLLOWING a public hearing, approved an ordinance recommended by the Planning and Zoning commission, which would prohibit certain types of businesses in CE-2 and abutting CE districts on San Pablo Ave.

AUTHORIZED the Mayor to proclaim Aug. 13-19 as "National Water Week" and approved a resolution supporting "The Festival of Nations—A Festival of Man."

ACCEPTED a recommendation that the city combine its insurance coverage; Turner's recommendation to advertise for a contract for curb and gutter work on Masonic, to accept the street signals and street work on Santa Fe and Marin, and to hire William T. Waters of El Cerrito as deputy building inspector.

FILED were letters from Police Chief Ralph Jensen advising he is on vacation Aug. 7-13; Park and Recreation Superintendent E. J. Rooney, vacation Aug. 7-18; and Deputy Health Officer Harold Van Coops, vacationing Aug. 7-11 and several letters concern-

Fire Plug

The Fire Department wishes to advise all boat owners to take a second look when they secure their boats. If you berth your boat in your garage be sure all flammable liquids are removed. Check for any source of fire ignition. Be sure there is room enough around the boat to make passage around it ample for safety. Do not allow children to play in the boat or area around it. If you berth your boat on the outside or in an alley near your home be sure it is not near any windows or doors. If fire starts these openings could allow fire to enter into the home. Keep at least three foot clearance from any exposure.

In cleaning or maintenance keep a clean and orderly operation. Keep flammable liquids in approved containers. Dispose of oily rags immediately. Keep a trim ship in and out of the water.

Councilman H. F. Call paid tribute to Past Jaycee President Jack Dempster and his efforts as well as those of Albany and California Jaycees on the state-impacted school district measure.

Both Dario Meniketti and Albany Homeowners and Taxpayers Association President Bill Gilreath commended the Council for a great job on the budget and concern for lowering taxes.

"I hope the people appreciate the time you have put in on their behalf," Meniketti said.

The meeting was adjourned at 10:40 p.m. in memory of Mrs. Milton Porter, "one of Albany's outstanding citiezns."

Police Dept.

Gazette. American Civil Liberties Union demanded removal of the entire monitoring system. Monday night, Malcolm Burnstein of ACLU said that if the devices were not removed, the city had better be ready to defend a lawsuit.

Councilman Lewis Howell sputtered that he did not like threats. He said at the time the police station was built, everyone knew of the bugging devices.

"Not one of us wants to take away the rights of the Constitution," Howell said, "but the Chief of Police has done an excellent job and there is no proof he used the bugging device in an illegal manner." He compared giving Jensen a tape recorder to giving him to go shoot somebody with it." He said all modern offices use tape recorders.

Early in the meeting, Mayor Clark indicated that he would vote for the tape recorder. He explained that he is concerned about possible infringement of the right of privacy in conferring with an attorney, physician or religious advisor, "a sanctified right."

City Attorney Saler said he had talked to the Chief and the District Attorney's office and said he was told the recorder was used for statements only after the prisoner had been told it was being used. He said the police station plans had been approved by the District Attorney's office and the Department of Corrections. The monitoring system is used primarily during night watch and graveyard shift for the protection of prisoners and because of lack of personnel. Saler said in his opinion it is not illegal. The question of possible monitoring of privileged conferences and the legality of having such a device in the attorney-client room, whether or not it is used, should be determined by the District Attorney, Saler suggested.

Council voted to request Jensen to communicate with the DA's office on this point. They filed related letters from ACLU and from Jensen stating a sign in the room now indicates there is a device and offers another room for attorney-client conferences if desired.

The budget was unanimously approved including, presumably, the controversial tape recorder.

Local School Relief Bill Passes Both Houses

Financial relief is in sight for he Albany city schools for the education of University Village children. AB 504, authored by John Miller of Berkeley, Assemblyman for the 17th District, and co-authored by Assemblyman Julian and Assemblywoman March Fong, cleared the final hurdle by approval on the Senate floor Aug. 4. The persistent efforts of Assemblyman Miller guided the bill through committees of the Assembly and the floor of the lower house, as well as Senate Education and Finance committees. Lewis Sherman of Berkeley, Senator from the 12th District, carried the bill on the Senate side.

Beginning in the fall of 1957, with approval of the Board of Education, Supt. Kenneth Forry made the first request for financial assistance by appearing before the Regents of the University of California, calling attention to the financial problem created in Albany because of the residential housing units and the large number of children to be educated. As the University continued to expand the facility in The Village additional efforts were made in each legislative session by bills which were introduced by former Assemblyman Rumford. It was not until the spring of 1967 that anything approaching success has been experienced.

Should AB 504 be signed by the Governor and enacted into law, it is estimated that the Albany schools would receive an annual added income of approximately $60,000, funds to be received after the first of May in each fiscal year.

Although the new revenue would not be available to the School District for use in 1967-68 it would serve as the base for a cash balance in the preparation of the Budget for 1968-69 and for the first time provide for the Board of Education an opportunity to consider a reduction in operating taxes without jeopardizing the quality of the educational program.

Recent reports from the Legislature concerning other new school finance bills, specifically, AB 272 authored by Speaker Unruh, indicate that matters have not been resolved and in all likelihood will not be until Aug. 9. The extent of additional State funds will have a direct bearing on the operation of the local school district both for 1967-68 and subsequent years. The indefiniteness of finance proposals has made it extremely difficult to present for consideration by the Board of Education a clear picture concerning income from outside sources.

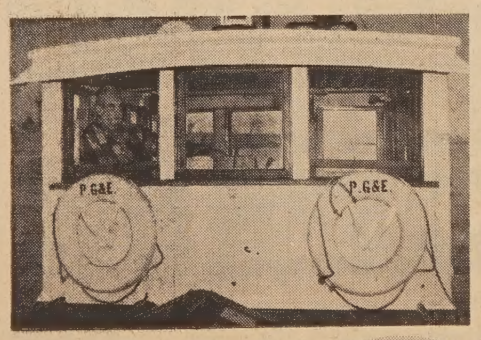
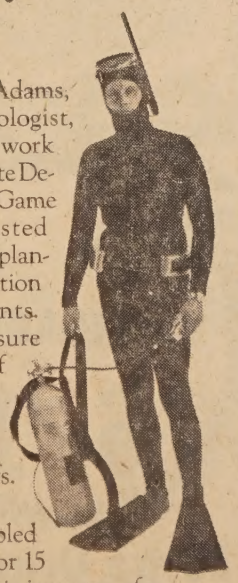
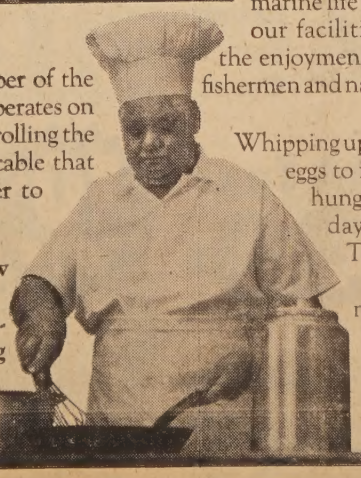
What are a tug skipper, marine biologist and camp cook doing at PG&E?



"Frogman" Jim Adams, PG&E marine biologist, and our engineers work closely with the State Department of Fish & Game and other interested groups during the planning and construction of new power plants. His job is to insure the preservation of marine life around our facilities for the enjoyment of fishermen and naturalists.


Hank Price is skipper of the PG&E tugboat that operates on San Francisco Bay, patrolling the miles of underwater cable that supply reliable power to our many customers.


Whipping up scrambled eggs to feed 10 or 15 hungry men is just part of a day's work for camp cook Tony Agricola. He's on the go from 4 in the morning making sure that PG&E construction crews working in isolated areas get a hearty he-man's diet every meal.
These are only a few of the interesting people – doing interesting jobs – helping PG&E serve you better.

TIMES BRINGS ALBANY SERVICEMEN TOGETHER

The Times was pleased to receive a letter from Doug Peterson this week telling what happened because this newspaper carries items about and addresses of our servicemen.

(We're still looking for more. Parents are asked to write the addresses rather than telephone them to the office.)

Here is Doug's letter:

"I just recently completed two weeks in Subic Bay in the Philippines for "R&R" and ship's maintenance. The day before my ship left Subic to continue our duties with "Operation Market-Time" along the Vietnamese coast, I received a letter with a clipping from the July 12, 1967, edition of the Albany Times. The article, "Albany Boys in Vietnam," and what happened after I read it, is the reason for this letter, which I hope you will find interesting.

"After reading the letter and the news clip, I decided to go to the base club for one last shore cooked dinner before heading to sea for the next month. While eating, I overheard some Navy boys talking about duty on their LST. I asked if they knew where the LST-825 was, which as mentioned in the article, was where Joseph Cortese, Jr., was assigned. Of all the hundreds of ships which pass in and out of Subic weekly, someone did remember an LST-825, and so I went looking about the hugh Naval base. Eventually, the USS Hickam County LST-825 was found and I saw Joe Cortese. We had a very long talk, discussing mostly about Albany and the changes that had ta[ken place in] the last year. He [...] to Albany in the [...] stated, and was su[rprised] about the "BART" [...] up, and about the ne[w] police station be[ing built] and open. Our talk [ended] too soon, due to my [having to] get back to my ship [to] sail the next day. [It was] most enjoyable.

"I want to thank [you] for the article, which [made] the world a little [smaller by] bringing two hometo[wn boys to]gether while we are [away from] home."

Sincerely,
DOUGLAS R. P[ETERSON]

Funds Sought for Jay Leffingwell Leukemia Fund

Vineta I. Bear, Albany High school teacher, has written from Emporia, Kan., reporting the death of her five-year-old grandson, Jay Leffingwell, July 19 of leukemia.

A fund in his memory got its start here just before school closed when the AHS Red Cross club gave their sponsor, Mrs. Bear, $10 to be used in whatever way the teacher chose. She decided to generate a fund to go to research so a permanent cure might some day be found for leukemia.

After Jay's death, the family requested donations for the Jay Leffingwell Leukemia Research Memorial Fund and the first contribution was the Red Cross club's $10.

Mrs. Bear said Jay entered Kansas University Medical Center in Kansas City last February, when the boy's illness was diagnosed. She said she realized that she must make arrangements at Albany High school in case she had to go to Kansas.

"Without involving them in the tragic situation, I had them select spokesmen for each class, whose chief responsibility would be to assist a substitute if one had to be called in and I had no opportunity to prepare plans for him. Consequently, the students have known for quite some time that a cloud of some sort hung over my head and they were most cooperative. . . ."

Jay had a remission so he could return to kindergarten in part of April and May, but before school was out another attack came and re re-entered the Medical Center. He wanted to return home, so his parents received permission for him to do so.

As Mrs. Bear was enjoying a visit from Jay's older brother, Mike, and another grandson, Randal Bear of Greeley, Colo., both 10, word came that Jay had passed away quickly and quietly in an Emporia hospital.

Mrs. Bear has asked the Times to serve as collecting agent for any contributions to the Memorial Fund. Address Jay Leffingwell Leukemia Research Memorial Fund, 1240 Solano, Albany.

Summer Fun For Berkeley Kids

Mid-summer finds more Berkeley youngsters enjoying arts and crafts ,reading clubs, and story hours at the Berkeley Public Library than ever before.

Activities specially planned for both pre-school and school-age children take place almost daily at the Main Library and the four neighborhood branch libraries throughout Berkeley.

While some children are making paper bag masks or moulding insects out of clay, others listen to tales of adventure of space travel and time probes. Reading clubs give the youngsters added interest in picture books and easier stories, and at North Branch, for example, more than 44 have already signed up and are reading at a furious pace.

Being young in Berkeley this summer is more fun than ever if you visit your local library where reading is what's happening, along with a surprise every day.

FIFTH ART SHOW WILL OPEN UNDER NEW NAME

The fifth annual Art Show and Merchants' Bazaar will be held Aug. 25-27 in Memorial Park under a new name, Albany Arts, Crafts and Hobby Festival.

Emphasis will be on the arts this year with a $200 purchase award offered in memory of the late Councilman Joseph A. Egenberger.

Sponsored by the Albany Chamber of Commerce, the show is headed by President William Johnson, Dr. Arthur Longpre and Manager Neal Clarity.

A new circular format is planned this year as well as shorter hours. Friday night, the show will be open from 6 to 9 p.m.; Saturday, 10 a.m. to 9 p.m., and Sunday, noon to 8 p.m.

A Sunday morning feature will be a pancake breakfast at the Veterans' Memorial Building by the Albany Republican Assembly.

On Saturday morning, the annual Children's Pet Show will be sponsored by the Albany Recreation Department.

Arrangements are being made for the annual teen dance on the lawn after the show closes Friday night.

Other features include Mary Culley and her trained poodles, two fashion shows, a performance by the Senior Center chorus and a tongue-in-cheek pageant of the history of Albany.

Artists have until Friday, Aug. 18, to enter. Blanks and further information may be obtained at the Albany Chamber of Commerce, 1108 Solano Ave., or call 525-1771.

Artist Chairman is Catherine J. Webb, who may be reached at 525-2115.

Don't haul it to the dump. If you don't want it, sell it with a Times classified ad.

Art Show Pet Show Aug. 26

Albany Recreation Department again will sponsor the Saturday morning Pet Show in connection with the Art Show and Merchants Bazaar in Memorial Park.

The show, which will offer both trophies and ribbons, is to begin at 11 a.m. Saturday, Aug. 26.

No advance registration is necessary, but parents are asked to let it be the children's show it was intended to be. Last year several adults participated. Other parents allowed tiny children to attempt to handle animals too large for them.

The idea of the show is for children to display their pets.

New Wig Styling Studio to Open Friday

The seventh Wig Styling Studio of California opens this Friday in Albany Square, 600 San Pablo Ave.

For its grand opening, owners George Fleck and George Drummond have scheduled hourly drawings for wigs and wiglets plus entertainment from 7 to 9:30 p.m. It will feature an a-go-go contest, live music and Jerry DuMont as master of ceremonies.

Hours Friday will be 12 noon to 10 p.m. and the public is invited to come in and sign up for the drawings with no obligations. The studio occupies the second floor of the north wing of the center, next to Albany Bowl.

Drummond said other shops are in Hayward, San Leandro, Oakland, Concord and two in San Francisco. All feature 100 per cent human hair wigs, wiglets and falls. They offer professional wig styling and promise to give "the Bay Area the best possible merchandise for the least amount of money," Drummond said, adding, "We won't be undersold by anyone."

In addition to the retail shops, all of which have opened since the first of the year, they are wholesale wig distributors and factory representatives of one of the three largest wig companies of British Hong Kong. They plan to have at least 20 shops by the end of the year.

Elderly Given Tax Relef -- Petris Bill

Senator Nicholas C. Petris' (Dem., Alameda Co.) bill to provide property tax relief for senior citizens has been signed into law by Governor Reagan.

Commencing in 1968, elderly persons in Alameda County may be eligible for up to 95 per cent property tax relief for the first $5,000 of property value. The determination as to the amount of property tax relief will be in accordance with a formula based on household income and the amount of tax paid on the residence.

Senator Petris stated that he was pleased with his bill's passage but that he was still dissatisfied with the amount of property tax relief granted and would continue to work for more help for senior citizens in the future.

Formula for Determining Tax

If the total household income is not more than $1,000, the percentage of tax on the firt $5,000 value used to provide assistance is 95 per cent; $1,025, 94 per cent; $1,050, 93 per cent; $1,075, 92 per cent; to a maximum $3,350, one per cent.
